

CS 393
West Virginia University at Parkersburg
Co-Operative Education

Week 5 - September 16-22

Tasks

Database Review

Test Environment debugging

Bug Triage

Technical Summaries:

This week I spent some time reviewing some database changes that we were going to apply during an upcoming release.

I spent some time debugging why our statistics portal wasn't working properly for two of our test environments

I spent time triaging bugs for two projects while someone else was out on vacation.
