

CS 393
West Virginia University at Parkersburg
Co-Operative Education

Week 7 - July 1-7

Tasks:

2 Days monitoring logs/stats, deploy server builds

Meetings about current status of old projects

introduction to new product meeting - existing architecture review.

2 days VACATION!

Technical Summary:

This week I spent a lot of time reading logs and monitoring operations as we pushed an update to some of our server software. My new group also began meetings to discuss our new project.
